

Policy for lost property Örebro Kårhus

Items left behind or lost

Lost property of value is kept for three months. That does not include items that aren't of value. (1 and 4§§ Lagen om hittegods.)

- In other words, gloves, hats, umbrellas and such are items that aren't of value. These items can be kept for 2-4 weeks to allow the owner possibility to retrieve their lost property.
- Jackets, coats, wallets, cameras, keys, phones and other items of value are considered things that are included in *Lagen om hittegods*. These items are kept for three months.

After three months the ownership of lost property passes to Kårhuset (6§ Lag om hittegods) with keys being the exception. Keys are brought to the police.

This does not include documents of identity (ID-cards, passports, bank- and credit cards, drivers' licenses) that are to quickly be brought to the police.

Items can be retrieved during the cafés opening hours or according to a special agreement. Contact regarding lost property is made by the email address upphittat@orebrokarhus.se.
